

Searching the PantherExpress System

VWR is a Hosted Catalog which is an online version of a supplier's printed catalog. Hosted Catalog's contain options for searching for supplier items available from the Hosted Catalog Suppliers.

For a complete list of suppliers, please click this url: <http://cfo.pitt.edu/pexpress/pbuysuppliers.php>

Searching the VWR Hosted Catalog

Shop Hosted Catalogs Everything Go advanced search

VWR is now a Hosted Catalog in PantherExpress. You will find the shop hosted catalogs search area above located above the Punchouts on the PantherExpress Home/Shop page. When you type a part number or product name in the highlighted area and click "GO", the search results that appear are the results of searching all hosted catalog suppliers that met your search criteria (this search does not search Punchout suppliers). This is the easiest searching method. You can click on the Shop Host Catalogs Drop Down box to limit the search by category. Additionally, if you want to limit your search by supplier, type the name of the supplier in the box and all items that supplier sells in the catalog will pop up, as shown below. You can also type in the manufacturer name, manufacturer part number, supplier part number, or item description.

Products per page: 20 So

CS1 [VWR Exclusive] 15% Clinisol Sulfite-Free (Amino Acid) Injection from VWR International 22108-548 (CS)

From there you can use the additional field filters to find what you are looking for. As demonstrated above, a search using the supplier VWR, returned over 4,000 items. You can continue to filter your search results by typing in a keyword or by selecting a category from the left side of the screen. In the event that you cannot find the product needed, please go to the Fisher Scientific Punchout and try your search there.
